TBC	TBC	<p>Understanding the Reading Leader role</p> <p><i>-In this session, two of our literacy specialists will offer their expertise to new reading leaders. They are both reading leaders in their own school and want to pass on hints and tips to those who might be new to the role. Getting children to become readers is a crucial part of our role and the reading leader plays a fundamental part in this. The session could also be useful for any reading leaders that have not engaged in our work yet as they will be taken through our 'Challenge Checklist' so they have an excellent understanding of the role and how to get the most from it.</i></p>	Reading Leaders & Phonics leaders.
